DDD's requirements for diagnosing providers (<https://des.az.gov/services/disabilities/developmental-disabilities/determine-eligibility>), which includes: A psychiatrist, neurologist, licensed psychologist, or developmental pediatrician who has expertise in diagnosing autism shall make an autism diagnosis. A pediatrician who has completed specialized training approved by the Department in the diagnosis of autism may also make an autism diagnosis. The psychiatrist, neurologist, licensed psychologist, developmental pediatrician, or pediatrician with specialized training shall submit a diagnostic report regarding the individual documenting the presence of diagnostic criteria for autism, including the presence of the required number of symptoms of autism based on current guidelines established by the American Psychiatric Association.
